**Welcome** - We offer premium guided flyfishing trips on some of the finest private waters in central Montana. Based in White Sulphur Springs; we are located between the Big Belt, Little Belt and Castle Mountain Ranges. Here the Smith River and its tributaries flow for 30 miles through ranch and timberlands, inviting anglers to an excellent variety of waters and fish – 95% of our fishing is on private ranches.

Due to the wide variety of available water our fishing trips can accommodate anglers of any skill level. We provide all transportation to fishing areas, lunches and refreshments during the day. We also cover all rod fees on private water, provide flies, boats, float tubes and guides.

For complete details - visit us on the web:

Thanks much for your time and consideration.

Sincerely,

*Doug Caltrider*

Doug and Zita Caltrider

MT Outfitter License #515

We are located in the middle of Meagher County in south central Montana, approximately half-way between Glacier & Yellowstone National Parks on the Kings Hill Scenic Byway - US 89.
